- 2.1 The overarching purposes of this Policy are to reaffirm the University's commitment to a safe and healthy campus and to provide Members of the University Community with information to help them respond effectively to an incident of Sexual Violence.
- 2.2 The Disclosure and Complaint options described in this Policy are in addition to, and not in substitution for, other internal or external options or any other legal rights an individual may have. Nothing in this Policy is intended to discourage, prevent or preclude an individual from filing a report and/or complaint under any other University policy and/or initiating legal action (civil or criminal) or exercising any other legal rights.
- 2.3 In particular, complaints of Sexual Harassment, as defined by the University's *Respectful Work & Learning Environment Policy*, against any Member of the University Community may be made directly to the University's Office of Diversity, Equity & Sustainability Initiatives (ODESI) under the terms of the *Respectful Work & Learning Environment Policy*.
- 2.4 Complaints of Sexual Violence against employees of the University may also be made through ODESI under the terms of the *Respectful Work & Learning Environment Policy*

3. DEFINITIONS

- 3.1 **Complainant:** a person who has been affected by Sexual Violence and who chooses to make a Complaint under this Policy or the *Respectful Work & Learning Environment Policy*.
- 3.2 **Complaint:** the sharing of information by a Complainant with a designated University official regarding an incident(s) of Sexual Violence with the intention of proceeding under the Complaints process outlined in either this Policy (student respondent) or the *Respectful Work & Learning Environment Policy* (employee respondent).
- 3.3 **Consent:** the voluntary agreement of a person to engage in a sexual activity. Consent is direct, positive, active, ongoing and a conscious choice. Consent can be revoked at any time. Consenting to one kind of sexual activity does not mean that consent is given for another sexual activity. Consent cannot be obtained where a person is incapable of consenting, for example as the result of intoxication or incapacitation, cannot be obtained under threat or coercion; cannot be given on behalf of another person; and may be compromised where individuals are in a position of power, trust or authority over the person whose Consent is required.
- 3.4 **Disclosure:** the sharing of information by a person with a designated staff member within the Student Wellness Centre (SWC) regarding an incident of Sexual Violence for the purpose of receiving support, counselling or accommodation or to obtain information about how to make a Complaint.
- 3.5 **Member of the University Community:** includes Students, faculty, post-doctoral fellows, contractors and employees of the University. When used in reference to the University's duty to refer and training obligation with respect to this Policy, the term also includes members of the Board of Governors of the University.
- 3.7 **Respondent:** an individual against whom a Complaint of Sexual Violence is made.
- 3.8 **Sexual Violence:** any sexual act or act targeting a person's sexuality, gender identity or gender expression, whether the act is physical or psychological in nature, that is committed, threatened or attempted against a person without the person's Consent, and includes sexual assault, sexual harassment, stalking, indecent exposure, voyeurism, cyberharassment and sexual exploitation.

- 3.9 **Student:** means any person taking one or more courses at the University, either full-time or part-time, in any program of study, including special students. For clarity, a student is a person who is registered in a University course of study and/or engaged in any academic work that leads to the assigning of a mark, grade or statement of performance by the appropriate authority within the University and/or entitled to a valid student ID card who is between sessions.
- 3.10 **Sexual Violence Response Team (SVRT):** a team made up of the Director of Safety and Security Services, the Director, Student Wellness and Conflict Resolution and the Vice- Provost, Students for the purpose of assessing risk related to incident(s) of Sexual Violence.

4. CONFIDENTIALITY AND PRIVACY

- 4.1 All Disclosures and Complaints of Sexual Violence will be treated in accordance with Ontario's *Freedom of Information and Protection of Privacy Act* (FIPPA).
- 4.2 Employees of the University who receive a Disclosure or Complaint of Sexual Violence or who are involved in addressing or investigating a Disclosure or Complaint will keep the information confidential to the extent possible in order to protect the rights of those involved in the allegations and prevent an unjustified invasion of their personal privacy and to preserve the integrity of the investigation.
- 4.3 The University will make reasonable efforts to maintain confidentiality when it becomes aware of an incident of Sexual Violence and will limit the sharing of information about individuals to those within the University who need to know for the purposes of, or those consistent with, addressing the incident, investigating the incident or taking corrective action.

5. LIMITS OF CONFIDENTIALITY & RISK MITIGATION

- 5.1 Confidentiality cannot be maintained where information needs to be shared in order to address a risk to the health and safety of a Member or Members of the University Community or where required by law. By way of example only, information may need to be shared with ODESI and/or members of the University administration in order to facilitate an investigation as required by University policies and procedures, the Ontario *Human Rights Code* and/or the *Occupational Health and Safety Act*.
- 5.2 University employees who are not health care providers and who receive a Disclosure will immediately notify the SVRT and answer the SVRT's inquiries about the Disclosure for the purpose of assessing risk. A notification to the SVRT alone does not initiate a formal process.
- 5.3 A person may choose **not** to file a Complaint under this Policy and may decline to participate in the Complaint process, including by declining to participate in the investigation into the Complaint. To the greatest extent possible, the University will respect the person's choice not to proceed with a Complaint under this Policy with the exception of Section 5.1. However, in cases where the SVRT has reason to believe that a Member of the University Community or broader community may be at risk of harm or if the SVRT determines that the University has a legal obligation to investigate and/or act, the SVRT may direct Safety and Security Services to initiate a Complaint.
- 5.4 In situations in which the evidence of an offense of Sexual Violence is in the public domain (e.g. social media), or in which multiple Disclosures about a Student have been made to Safety & Security Services, Safety & Security Services may initiate a Complaint.
- 5.5 If personal security while on campus is a concern, Safety and Security Services staff are available on a 24/7 basis and can provide guidance and support. If information about an incident of Sexual Violence is shared with Safety and Security Services by a person and an investigation is conducted by Safety and Security Services, the report prepared by Safety and Security Services will be provided to the SVRT.
- 5.6 When appropriate, the SVRT will conduct an assessment of risk to the University community in accordance with the *Response to Violence and Threatening Behaviour Policy*.
- 5.7 If the SVRT determines that the presence of a person at the University poses a risk to the safety or security of any Member of the University Community or other persons, the SVRT may recommend to the Vice-President, Academic & Provost, and the Vice-President, Finance & Administration emergency measures, including an immediate suspension of up to 10 days. The person will be notified of the decision to invoke emergency measures.

- 5.8 If, after further investigation, it is determined that the person continues to pose a risk to safety or security of any Member of the University Community or other persons, the SVRT, with the approval of the Vice-President, Academic & Provost and the Vice-President, Finance & Administration, can extend emergency measures to a maximum of 60 days in addition to the 10 -day interim suspension.
- 5.9 Where a person has been charged under the Criminal Code or there are substantial mitigating factors delaying the internal investigation the maximum number of days may be extended to take into account the scheduling of criminal proceedings, depending on the nature and severity of the offence with which the person is charged and the terms set out in the relevant information.

6. AVAILABLE SUPPORTS

- 6.1 Supports, services and/or accommodations appropriate to the circumstances are available to any Member of the University Community who is affected by an incident of Sexual Violence. A Member of the University Community does not need to make a Complaint pursuant to this Policy in order to access available supports, services and/or accommodation.
- 6.2 The SWC will provide information about the availability of accommodations, supports and services to persons who Disclose an incident of Sexual Violence (see Appendix A for a list of on and off-campus Resources).
- 6.3 Examples of accommodations appropriate to a circumstance include extensions on assignments, provision of incomplete grades, deferrals for examinations, temporary exemption from attendance policies, and petitions for late withdrawal. The SWC can assist a Student with the process of seeking academic accommodations and arrange the necessary paperwork without disclosing the nature of the situation to members of the faculty.
- 6.4 Supports and services provided include counselling, access or referrals to medical and legal services, safety planning, and emergency bursaries.
- 6.5 The SWC can, on a confidential basis, consult or seek the assistance of other internal personnel or resources of the University to facilitate the safety and support of a person and to follow-up on those involved in a Disclosure of Sexual Violence and to ensure the University meets its obligations.

- 6.6 The SWC will provide information about the Complaints options available under this and related policies (e.g. *Respectful Work & Learning Policy*) and the possible outcomes and implications of each relevant external or internal process. The person has the right to choose whether to make a Disclosure or Complaint about the incident or not.

7. DISCLOSURE

- 7.1 A Disclosure is the sharing of information with the designated staff member within the SWC for the purpose of receiving support, counselling or accommodation or to obtain information about how to make a Complaint. A Disclosure may relate to a person who is or is not a Member of the University Community and to an incident(s) that happened on or off campus.
- 7.2 If information about an incident of Sexual Violence is shared by a person with a University employee, the employee has a duty to refer the person to this Policy and to the designated staff member within the SWC. The employee may also provide the SWC with the name and contact information of the person who shared the information for follow-up support and service if the employee has received the person's permission to do so.

8. COMPLAINTS

- 8.1 A person has the right to file a Complaint under this Policy about an incident of Sexual Violence. The Complaint process pursuant to this Policy is available where:
- The Complainant was a Member of the University Community at the time of the alleged incident;
 - The Respondent was a Student at the time of the alleged incident; and
 - The Respondent is a Student at the time the Complaint was filed.
- 8.2 A Complaint in which the Respondent is a member of the **staff or faculty** of the University will be filed with the Office of Diversity, Equity & Sustainability Initiatives (ODESI) and dealt with as per the provisions of the *Respectful Work & Learning Environment Policy*.
- 8.3 A Complaint in which the Respondent is a **Student** will be filed to the Vice-Provost, Students in accordance with the provisions of this Policy.

- 8.4 A Complaint against a Student who is also an employee of the University will be reported to the Vice-Provost, Students and will be subject to the provisions of this Policy and the terms of their applicable collective agreement or employment agreement.
- 8.5 If the Respondent's relationship with the University ends and they are no longer at or with the University, the Complaint process in this Policy may be suspended. However, the University retains the right to proceed with the process, even in situations where the Respondent's relationship to the University is temporarily or permanently severed. If the Respondent returns and once again becomes a Member of the University Community, the formal Complaint process may resume and/or sanctions resulting from the process may be instigated at that point. A Respondent's temporary leave of absence from the University or a temporary break in their relationship with the University does not prevent a resumption of the formal Complaint process when such leave has ended or when the relationship between the University and the Respondent resumes.
- 8.6 The Complainant and the Respondent have the right to be accompanied by a support person at any point during the Complaint process under this Policy. The support person is expected to adhere to the principles of "Confidentiality and Privacy" outlined in this Policy and may not respond to questions on behalf of the Complainant or Respondent.
- 8.7 No person shall be negatively treated for bringing forward a Complaint, providing information related to a Complaint, or assisting in the resolution of a Complaint. The University will take reasonable steps to protect Complainants from reprisal, including: advising individuals in writing of their duty to refrain from committing an act of reprisal and sanctioning individuals for a breach of that duty. The University may also address the potential for reprisals by providing an accommodation appropriate in the circumstances. Threats of or acts of reprisal will be treated as violations of this Policy or other related policies (eg. *Non-academic Misconduct Policy, Respectful Work & Learning Environment Policy*.)
- 8.8 **Deadlines and timelines:** The deadlines referred to in this Policy are meant to ensure that matters are dealt with in a timely fashion. There may be circumstances in which a timeline may be extended. In such cases, the Vice-Provost, Students can extend the timeline where the delay is incurred in good faith and the extension does not prejudice or harm those involved in the Complaint. Where no deadlines are mentioned in this Policy, the intention is always to use a reasonable time period and to act as expeditiously as possible in light of the nature and complexity of the circumstances of the Complaint and in light of other circumstances that may arise during the process that are beyond a party's reasonable control.
